action medeor labworks - summary of product specifications (for requests)

Article Nr.	208102000
Name	Albendazole 400 mg tablets
Dosage Form	Tablets or chewable tablet
Registration / authorization number (if applicable)	not applicable
Finished Product Specificataion	BP, USP, IP
API Specification	BP, USP, Ph. Eur.
Excipient Specification	BP, USP, IP, Ph.Eur., if monograph is available
Primary Packaging, Special Requirements	
Pack Size	
Label Language	Minimum English
Storage Conditions	<30°C
Shelf-life	3 years or more
Version number	1
effective date of the specification	01/06/2023
this document was exported on	03/11/2026

action medeor labworks - summary of product specifications (for requests)

Article Nr.	209117000
Name	Amoxicillin 125 mg/5 ml powder for oral suspension
Dosage Form	Oral Suspension
Registration / authorization number (if applicable)	not applicable
Finished Product Specificataion	BP, USP, IP
API Specification	BP, USP, Ph. Eur.
Excipient Specification	BP, USP, IP, Ph.Eur., if monograph is available
Primary Packaging, Special Requirements	
Pack Size	120 bottles (100 ml)
Label Language	Minimum English
Storage Conditions	<30°C
Shelf-life	3 years or more
Version number	1
effective date of the specification	02/09/2025
this document was exported on	03/11/2026

action medeor labworks - summary of product specifications (for requests)

Article Nr.	209126000
Name	Amoxicillin 250 mg capsules
Dosage Form	Capsule
Registration / authorization number (if applicable)	not applicable
Finished Product Specificataion	BP, USP, IP
API Specification	BP, USP, Ph. Eur.
Excipient Specification	BP, USP, IP, Ph.Eur., if monograph is available
Primary Packaging, Special Requirements	
Pack Size	
Label Language	Minimum English
Storage Conditions	<30°C
Shelf-life	3 years or more
Version number	1
effective date of the specification	02/09/2025
this document was exported on	03/11/2026

QU-023-A3

action medeor labworks - summary of product specifications (for requests)

Article Nr.	204100000
Name	Atropine sulfate 1 mg/ml injection
Dosage Form	Solution for injection
Registration / authorization number (if applicable)	not applicable
Finished Product Specificataion	BP, USP, IP
API Specification	BP, USP, Ph. Eur.
Excipient Specification	BP, USP, IP, Ph.Eur., if monograph is available
Primary Packaging, Special Requirements	
Pack Size	
Label Language	Minimum English
Storage Conditions	<30°C
Shelf-life	3 years or more
Version number	1
effective date of the specification	02/09/2025
this document was exported on	04/11/2026

action medeor labworks - summary of product specifications (for requests)

Article Nr.	209103000
Name	Benzylpenicillin sodium for injection 5 mega
Dosage Form	Powder for Injection
Registration / authorization number (if applicable)	not applicable
Finished Product Specificataion	BP, USP, IP
API Specification	BP, USP, Ph. Eur.
Excipient Specification	BP, USP, IP, Ph.Eur., if monograph is available
Primary Packaging, Special Requirements	
Pack Size	
Label Language	Minimum English
Storage Conditions	<30°C
Shelf-life	3 years or more
Version number	1
